Mamow Nigamoowag:
Reconciliation Through Art

Youth Video

Launch Party!

Live Music!
Special Guests!

March 25 @ 7pm - QEDHS
Refreshments Provided - FREE Admission

You are invited to a public launch of the new release of QEDHS Students Music Video, filmed and produced by N'we Jinan. The video, featuring 12 youth from 10 different communities, was one of four parts of a youth project funded by Canada Council of the Arts that focuses on reconciling youth through art. This song, written and recorded by the students themselves, illustrates the emotions the students previously explored on reconciliation.

The Launch Party will also feature special live performances by QEDHS Music Students, who worked alongside Nick Sherman to write and perform brand new songs on Reconciliation.

Come check out the art work, photos, and behind-the-scenes clips that will contributed to this exciting project for youth!

Preview the song NOW on Facebook!
